

MINUTES - 1980

ANNUAL MEETING OF ALVEY WASH
DISTRIBUTION SYSTEM

The annual water users meeting was held April 7, 1980 at 3:00 pm in the Double D. Cafe in Escalante, Utah. Donald C. Norseth called the meeting to order and acted as Chairman.

Mr. Norseth discussed the statewide water outlook. Currently, the southern part of the state is about 200% of normal.

The minutes of the 1979 meeting were read by Mr. Norseth. Thurman Spencer made a motion that the minutes be approved as read. The motion was seconded by McKay Bailey and passed unanimously.

The financial statement was read by Art May. The financial statement was accepted as read.

Melvin Alvey gave his commissioner's report. McKay Bailey asked why the system continues to operate when there seems to be no further need of a commissioner. Mr. Norseth explained that the system is administered under the order of Judge Tebbs, therefore, it would be necessary to petition the Judge asking him to disband the system. Mr. Stoker stated that the Judge would probably be reluctant to release the system before the adjudication is completed, perhaps within a year or two.

Mr. Bailey made the motion that the water users of Alvey wash should begin to take steps to notify the court that a commissioner is no longer needed. Leo Wilson seconded the motion which passed unanimously.

Thurman Spencer made a motion that the 1979 budget be adopted for 1980 with mileage raised to 20 ¢/mi with no assessment set. McKay Bailey seconded the motion. Motion passed.

Gerald Stoker brought out that there had been several applications for domestic wells in the wash drainage. There was considerable discussion, mostly negative. It was the consensus of those present that it would not be possible for new appropriations

that would not interfere with established rights.

There being no further business, the meeting was adjourned at 3:45 pm.
